

DOES YOUR COMPANY NEED CYBER INSURANCE?

Our self-assessment Cyber Insurance Check List has been created to assist MSPs in assessing whether or not cyber insurance is needed. Please note that the decision to secure cyber insurance may be impacted by additional requirements, including the industry that you support, requirements under contract, regulatory regimes, jurisdiction and more.

There are three stages to the Cyber Insurance Check List:

- 1. Getting house in Order 2. Do I have these things? 3. What should I look for in Cyber Insurance?**

1. GETTING HOUSE IN ORDER	INFORMATION OR LINK	COMPLETED
<ul style="list-style-type: none"> Patch and update management 	Software patches, updates and policies are up to date	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> User Training 	Regular cyber security training for staff and stakeholders who access your systems	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Multi Factor Authentication - MFA 	MFA in place across all platforms. View our MFA Checklist here	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Endpoint Protection 	Endpoint protection including firewalls, anti-malware and more are in place and up to date	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Authorisation of Payments 	Processes for transactions and approvals for any changes to payment details	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Data Backups 	Data backups are in place and regularly tested	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Data breach Procedure – Documented and understood 	View our Data Breach checklist here	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A

The above is typically a minimum insurance requirement. Any security posture over and above is often looked at favourably by insurers (such as ISO, Essential 8 etc.). sharing this information with insurers will enhance risk attractiveness.

2. DO YOU HAVE THESE THINGS	WHY	COMPLETED
<ul style="list-style-type: none"> Do you carry PII (personal identifiable information) 	OAIC	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Do you manage client data? 	You may be responsible	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Do you manage business-sensitive data? 	You may be responsible	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A
<ul style="list-style-type: none"> Is your annual turnover more than \$3M AUD? 	OAIC	<input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> N/A

If you answered “Yes” to any of the above, you should consider Cyber Insurance.

Consider engaging a reputable insurance broker to assist with this section.
